

Meet our heroes

Everley went litter picking Monday after school for two hours, filling two bags!

She wanted to go again so we went tonight with her brother Ryley and litter picked for another 2hrs! Even visiting Hillside to check the surrounding roads were clear of rubbish!

Amazing Everley, well done!

Alicia and her step-sister e-mailed Dorset Council to ask for permission to plant trees in the local area.

They were able to plant two saplings of the native species: Blackthorne and Hawthorne.

The Council marked spaces for us and provided some supplies as well which was really helpful. I am so proud of both girls for making this happen.

Fantastic Alicia, well done!
